

Ecodesign on the Textile Sector

Assignment

1. Units: 08 - 09 – 10..... 2

1. Units: 08 - 09 – 10

This last block of three Units refers to design practices.

With this task you will have designed a complete path of development of evolutionary ideas to define your new product concept.

Define which Eco-Design approach you would use for your concept, and if you also assume the most appropriate Business Model.
